

Gloss Paint Colour Guide

Sandtex® Gloss paints are available in the following colours and finishes:

For a fast and easy application with a tough, waterproof finish, use **Sandtex® One Coat Exterior Gloss** paint. Available in 750ml and 2.5 litre packs.

Black

Also available in Pure Brilliant White

Sandtex® Front Door High Gloss paint is a new range of super-high-gloss paints available in eight strong, traditional colours. Use them with the **Sandtex® Front Door Primer Undercoat** to create a lasting, high-gloss finish. Both products are available in 750ml and 2.5 litre packs.

Sandtex® Front Door Primer Undercoat available in white and dark grey

- Use White Primer Undercoat
- ▲ Use Dark Grey Primer Undercoat

Gloss Paint Colour Guide

CHOOSING AND COMBINING COLOURS

The colour you choose for your doors, windows, sills, drainpipes and gates can really make a difference. It's a chance to add the finishing touch, make a statement and get your personality across.

Do you want to create a bold, contrasting scheme or a calmer, more co-ordinated appearance?

When you are choosing colours, try to think of a complete colour scheme so that the exterior walls and the wood and metal work well together. Here are some suggestions to help you get started.

Masonry Walls
**Sandtex®
 Ultra Smooth
 Microseal™ Paint**

Front door & garage door
**Sandtex®
 Front Door
 High Gloss Paint**

Drain pipes & trim
**Sandtex®
 One Coat
 Exterior Gloss Paint**

Masonry Walls
**Sandtex®
 Fine Textured
 Microseal™ Paint**

Front door & garage door
**Sandtex®
 Front Door
 High Gloss Paint**

Door trim
**Sandtex®
 Front Door
 High Gloss Paint**

Masonry Walls
**Sandtex®
 Ultra Smooth
 Microseal™ Paint**

Front door & drainpipes
**Sandtex®
 Front Door
 High Gloss Paint**

Trim
**Sandtex®
 One Coat
 Exterior Gloss Paint**

For technical reasons connected with colour reproduction and the limitations of the media, the colours shown will not exactly match the paint colours and do not represent a particular finish.
